

CHANGING LIVES & VISIONS

*“Together, YOU and WE can make a difference
helping to fight world hunger”*

The Miracle Tree

‘Moringa’, often called,
‘The Miracle Tree’
is considered one of the most
Nutritional plants on Earth

One seed can grow into a tree 15 feet tall in its first year. Just one seed from the Moringa tree has the potential to provide an entire family with many of their nutritional needs for a lifetime.

Echo is a Florida, faith based, non-profit organisation committed to exporting Moringa seeds and the know-how necessary to grow Moringa Trees throughout conducive parts of the world. ECHO, a top international charity in Florida and among the Top 100 charities in America. For more information and how you can help, support ‘Echo Fighting World Hunger’ in over 160 countries please log on to www.ECHO.net.org

Because...

Moringa leaves have:

7 x more
Vitamin C
than oranges

3 x more
Iron
than spinach

3 x more
Potassium
than bananas

4 x more
Vitamin A
than carrots

4 x more
Calcium
than milk

Uses of Moringa

Leaves

Eaten fresh, cooked or dried and ground into powder.

Seeds

consist of 42% oil; and may be used:

as a machine lubricant;

as a cooking oil;

to treat skin conditions;

as a fertilizer; and

to make antibacterial ointment.

The seed kernels purify water by removing suspended particles and organic matter and killing 90% of bacteria.

Roots

may be ground to make a horseradish-like replacement.

Flowers

may be eaten raw or made into a tea.

Young tender pods

may be eaten like asparagus or green beans.

Immature seeds

may be eaten like garden peas.

Wood

may be pulped to create a natural blue dye.

Bark

contains fibre used to make rope.

Other

animal forage/fodder, green manure, biogas.

Moringa for:

food, cooking, nutrition, water purification, skin, pre-style, pre-color and hair condition.

"In the spring of 1995, you sent me 12 Moringa seeds and more plants.... now, nearly 200,000 Moringa seeds have been distributed throughout seven states in Brazil" – **Dr Warwick Kerr**

"From six Moringa seeds, a village is being saved. My brother planted six Moringa seeds in his village in Nigeria and the trees grew over 10 feet in seven months! A doctor prescribed Moringa tea to a village woman who was very weak. She drank the tea and got better. Now everyone in the village is planting the seeds from those six original trees and will start drinking the tea and eating the leaves! Thank you, ECHO!" – **Stephen Clayton**

Because...

“Beauty is not only the Gift of Nature but the Nature of Good and Creative People”

Leslie Spears

Professional hairdressers and MoringaPLEX; together support the concept of '**G&G**', (goodness and good business). Every 5 seconds a child dies from malnutrition. Why, when we together, can Change Lives and Visions.

A magical tree, 7 magical words and your positive action can help improve the lives of others.

Love, love what do and the people with whom you do it. **Learn**, learn every day and unleash your 'growth mind set' and tap into the 'infinite you'; the true potential of the 'unlimited you'. **Grow**, do not see problems, seek solutions. Your world is full of opportunities. **Achieve**, accept worthy challenges and through your positive endeavour discover the sheer thrill of achievement. **Improve**, to improve is the spirit of the artist and the true professional, every day they just keep getting better

and better. **Teach**; is an innate part of nature: parent to offspring, how to survive. Master to apprentice and intern, teacher to student. Give back, therein lies meaning for life. **Share**, all is one, living is giving. Share wisely, the satisfaction of knowing your gift to another, someone less fortunate than ourselves, does change their world and our feelings too. Leslie

Together, we change lives and visions.

MoringaPLEX and their directors donate, each year to ECHO and their contribution to the growth of Moringa Trees and Reducing Hunger, Improving Lives Worldwide. To add your support for ECHO visit.
